

125 Project

"Expectations/Guidelines Agreement"

Thank you for showing interest in the computer graphics and animation group. This will be the agreement/signature page showing that you have read, understand, and, agree to the conditions and expectations of this group.

Software that we will be using in this group is community supported, free and open source. This means that the software is freely distributed without the need to worry about payment or copyright infringements. However, all software used through this program will be used without warranty or guarantee. Participants will use the software at their own risk. The school district, members and participants of the 125 Project do not assume responsibility for any hardware or software issues, breakdowns, limitations, or other difficulties faced by individuals that choose to install software on their personal or family computers.

Members of the 125 Project, Computer Graphics and Animation Club will agree to the following:

Members will...

- 1) ...respect each other
- 2) ...put school first in grades, discipline, and attendance
- 3) ...work to support members of the community

Furthermore, members of the 125 Project, Computer Graphics and Animation Club will only install programs/software, or make changes to computers of which they are the owners and have full administrator rights. Individuals will ask for permission from the owner/administrator before making any changes to any computer or network not otherwise owned by the individual participants of the 125 Project especially if those changes relate to projects in which the 125 Project, Computer Graphics and Animation Club is participating in.

Please share these expectations with your parents/guardians. If you understand and are willing to abide by these guidelines, please sign (both participants and parents/guardians) in the appropriate blanks below, and we gladly welcome you into our group.

Please return one signed copy to either Mr. Gessford or Mrs. Metze

I, _____, have read and agree to the expectations/guidelines for participation in the 125 Project, Computer Graphics and Animation Club.
